

Pet Emergency Kit: Small Animals

Store items in a sturdy, waterproof container so they can be carried easily and keep in an accessible location

☐ Food & Water

- Two week supply of food, water and treats
 - For frozen/refrigerated food, place in a cooler with ice packs
- Manual can opener and spoon for canned food if needed
- Airtight container (for pellets)
- Food & water bowls/attachable water bottle

Note: Rotate out all food and water every 2 months to maintain freshness

☐ Medication

- Copy of medication and/or specialty food prescription(s)
- A month's worth of extra medication, vitamins, supplements, flea and tick treatments, etc.
- All necessary supplies (pill gun, syringes/needles, pill cutter, etc.)
- Cooler and chemical ice packs for medication requiring refrigeration
- Sturdy plastic container to safely dispose of syringes/needles

**Note: Rotate out all vitamins/supplements every 2 months to maintain freshness.
Keep all medications in a waterproof container and replace before they expire.**

☐ First Aid Kit

- | | |
|---|---|
| • Small Animal first aid reference book | • Saline solution |
| • Critical Care powdered formula | • Disinfectant solution/hydrogen peroxide |
| • Supplements for digestive support | • Blunt scissors & tweezers |
| • Cotton bandage rolls, pads & swabs | • Styptic powder or corn starch |
| • Bandage tape | • Syringes & eye dropper |
| • Antibiotic ointment & antibacterial spray | • Digital thermometer & petroleum jelly (lubricant) |
| • Latex gloves | • Instant cold packs & heating pad |

**Note: Replace all items after each use and update twice a year.
Include veterinarian, emergency veterinarian and poison control contact information.**
